I have always loved to drive. One of my first jobs was driving a city bus in Chicago. Next was driving a UPS delivery truck and then a UPS tractor-trailer truck.

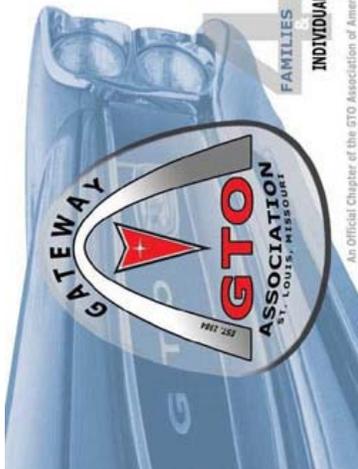

My father had a 1949, 1957 and 1972 Pontiacs. I got my first car at the age of 19, a 1954 Mercury. It was slow but I learned a lot about cars from it. My next car was a 1958 Oldsmobile, which was fast for a big car. I would always beat my friend who had a 1960 Chevy 348 three-speed car. Then I traded to a Buick Special V6 three-speed. It turned in the low 16s at 88 mph in the quarter mile. Then the guys were talking about a Pontiac LeMans with GTO options. The total price of the car was \$2700, so I ordered a red fourspeed and picked up my 1964 GTO in the spring of 1964.

I raced it at the US 30 drag strip in Indiana. It turned in the 13 seconds. I kept that car until the 1966 GTO came out and then traded the 1964 for the 1966 that I kept until my wife and I started our family.

I decided a Buick Station wagon would be a more practical family car. Gas started to go up, cars were getting smaller; the motors were losing power, so I settled down to family and work. I had a lot of gas friendly cars over the years, but my love for high horsepower cars or GTOs never left. By 1995 I had 30 years service with UPS and retired at the age of 58 years old. Bev and I decided to move from the Chicago area to St. Louis in 1996. We

found a nice 3 bedroom brick ranch in North County.

I started hearing rumors that the GTO was coming back. I made a promise to myself if they ever brought the GTO back I would get one. So in August 2003 I ordered one sight unseen. On January 12, 2004 we picked up the

2004 Metallic Blue GTO automatic.

I had shifted gears long enough in the tractor-trailer, sometimes 13 speeds. A nice salesman named Mark Fry gave me information about the Gateway GTO Club, which I joined and the rest is history. I LOVE MY GTO!

Debbie and I have just returned from a work/vacation trip. In the 17 days we were gone, I worked in Ottumwa, IA, Omaha, NE, Colorado Springs, Portland, OR, and Overland Park, KS. While we were hearing about 100 degree temperatures, we were wearing pants and jackets. Except for the scheduled work projects, we were on a “see as you go pace for our sight-seeing excursions.”

Most of my previous work related travel has been go – work – and return. This was a special trip with time to enjoy the country. I have always heard about places, or seen other people’s pictures and listened to their stories. Now we have our own and other than enjoying it so much that we might want to go again sometime, these place can be removed from our “bucket lists.”

Where did we go? In Colorado we climbed all over the Great Sand Dunes. Then we were off to Utah and visited “The Arches” National Park near Moab. The amazing red rock structures were breathtaking. Moving thru Utah, through back roads, and into Idaho, we saw the Shoshone Falls, on the Snake River. The Snake River, wasn’t that where Evil Kneivel tried to jump across the gorge? Of course I had to walk 2 miles each way, uphill, it seemed both ways, to get a distant glimpse of the ramp that Evil used to project his rocket powered cycle to the unsuccessful jump. Meeting other tourists, they said we had to see the Perrone Bridge near Twin Falls. This is a bridge from which it is legal to jump from anytime you want. We saw a fellow with a backpack on and then after he put a helmet on, we realized it was a parachute and he was going to jump. And he did. I would guess somewhere around 4-500 feet.

Traveling through the Columbia Gorge, I think, there was at least 4 or 5 hydro-electric dams on the same river.

After my obligations in Gresham, OR, a suburb of Portland, we visited: Antelope Island, Mt. St. Helens, Glacier National Park, Yellowstone Park, Devil’s Tower, Crazy Horse Memorial, and Mt. Rushmore.

We did a lot of driving, not in the GTO, in the Ford Pickup. 5996 miles to be exact.

If you haven’t seen these sights, we highly recommend spending a little of your kid’s inheritance and do it. You won’t regret it.

As I said last month, please send us some of your stories, about cars, growing up, travels, etc. We would love to get to know you better.

If only we had had Gateway the Tiger with us, he would have a lot to tell.

BOB'S GASOLINE ALLEY REVIEW

By

Gail and Terry Schott

Saturday, May 31 disproved the weatherman and we did NOT get any rain as we had been getting almost daily the week prior. GTO's started showing up at the Schott's at 8 AM just as soon as the biscuits & gravy (courtesy of Barb Lewis) were ready. Everyone enjoyed the biscuits, egg casseroles and donuts (courtesy of Oxler's) and we were ready to start our cruise by 9:45. There were 10 GTO's and 5 other personal vehicles that made the cruise.

Our first stop was less than 2 miles away at the former site of Schott's Pontiac, on historic Rt. 66. We had asked Chris if he could use a photo supplied by us that was taken in 1985 (at the closing of the Schott's Pontiac business), and work his magic fingers to superimpose the new photo with the 1985 photo and the results are amazing! Thank you so much, Chris! (Again, check out the website.)

Gateway GTO Activities

We continued along the Historic Rt. 66 byway for the rest of the cruise, stopping at the Mr. Fuel truck stop so that the Jackson's could get gas, (it's a long way from Greenville, IL to Franklin County, MO with an inoperable fuel gauge!) and to hook up with the Friedman's.

We reached our final destination at 12:15 and herded the goats at the entrance to Bob's for more photos.

“Darlene’s Diner” was open for business and she and her friends were ready to serve their delicious lunch in an open and air conditioned room that was covered on every wall, floor to ceiling, with memorabilia such as thermometers and neon signs, obtained from gas stations, diners, motels, grocery and hardware stores, feed stores, etc. It’s absolutely amazing the assortment that Bob and Darlene have accumulated in only 12 years of collecting. And this was just the “Diner” portion of the property! Again, if you check out the photo gallery on the website, it is incredible.

After our lunch, we got to explore the rest of the buildings and with each one, the jaw-dropping sights were unbelievable. From an extensive collection of gas pump globes, to pedal cars, to an on-loan John Deere toy tractor collection, everything was amazing.

We left Bob’s and headed a few miles further west to Fanning, MO and the home of the “World’s Largest Rocking Chair”. From there we headed back into Cuba to the Wagon Wheel Motel. Those of us who were spending the night were able to check-in and others took the opportunity to visit the many murals in town or check out the local flea markets. This historic and refurbished motel hosted 6 of the couples in attendance that day. We had dinner at Frisco’s Restaurant and came back to the Wagon Wheel’s covered pavilion area for a lively game of “Catch Phrase”, guys vs. gals, and laughed till midnight. Our game ended when we were blinded by about 7 Harley Davidson motorcycles pulling into the pavilion. They were staying there also and the owner had said they could park their bikes under the pavilion. At first somewhat startled, we soon learned they were a great group of guys. As it turns out, they were all touring Rt. 66 from Springfield, IL to California on the 16th birthday request of one of their sons, also on the tour. We shared some refreshing beverages with them and shared a few laughs as well.

I think everyone enjoyed the breakfast, the cruise, the lunch, and touring Bob’s Gasoline Alley and the Cuba, MO area. Thank you to everyone who participated!

NEW AGE GTO CONCOURS PROJECT

The GTO Association of America has initiated a project to create a set of photo records on the 2004 to 2006 GTO in anticipation of a time in the future when these cars will participate in the annual GTO Association of America Concours car show.

Gateway GTO has been chosen as the chapter to assemble these photo documentaries.

The project requires six **BONE STOCK** new age GTO's - One manual transmission and one automatic transmission car from each model year.

Ground Rules for Eligible Cars:

- Car must be bone stock with NO aftermarket parts or modifications. The only exceptions are batteries and tires.
- Factory parts, such as the sports appearance package and 18 inch wheels, are allowed.
- All parts the car was originally supplied with, such as the spoiler, must be installed. (Exception: Parts removed to install other factory parts such as the sports appearance package or 18" wheels.)

Once the cars are identified, a photo session will be scheduled.

If your car meets the requirements of the ground rules and you are interested in participating, please contact Chris Winslow.

**This is your chance to make your GTO the standard
against which all new age GTO's will be judged!**
